GODSPEED – III

HOPEFUL FOR TOMORROW – I AM A FUTURIST

Rev. Kevin Loo

Psalm 37:37

Welcome to Collective!

We are here to empower everyone to write their own future so as to create a collective healthy future for the church.

We want **Collective** to be a church where its **strength and influence are beyond the capacity and charisma of a few individuals, a Church-Planting Church and a _____-Focused Church.**

Future is a very powerful thing. It is not circling but a _____ movement.

If trust is meant for the present, then faith is designed for the _____.

A futurist is someone who finds fulfilment in the future and thus finds ways to secure it.

Genesis 37:5

Dreams are **not crowd-pullers and they are definitely not _____-pleasers.** Dreams only attract those who carry the same heart and mind! Dreams only attract those whose hearts resonate with it!

To interpret a big dream is to turn it into **an actual working plan.**

A lot of people can dream but not many are _____ to take the trouble to make it work!

Genesis 41:33-36

A futurist is someone with a _____!
